

Team BCPS Focus APP

Hello families and welcome back to BCPS!! As you know it is always our goal to equip all families with tools to help students be successful and we have some exciting news! The BCPS Focus app, that pairs with the Focus website used to manage student data is now available to be downloaded in the Google Play store and Apple App store. This app can be used on any mobile device that has access to the Android or Apple app store. That includes iPods, iPads, mobile phones and tablets.

The Focus app will allow students and parents/guardians to be in control of their student's success with simple access at your fingertips!

Using the app is simple:

1. Download the App onto your mobile device (Search "Team BCPS Focus" in your app store or use the links below).
2. Sign-in to your account using the same credentials you use on the website.
 - a. If you have no account, steps to create an account are located [Creating a Parent Account for Focus/Schoology - Baltimore County Public Schools \(bcps.org\)](#)
 - b. Steps for resetting an unknown password are located [Parent Password Reset](#)
3. "Allow" notifications when prompted.
4. You are all set! 😊

Students with access to the Focus app you can very easily:

- View schedules
- View grades
- View your virtual ID card
- Receive communication from your student's school
- And more!

Parents with access to the Focus app you can very easily:

- View schedules
- View grades
- View attendance
- Receive communication from your student's school
- And more!
